Lumpur, Malaysia

## Training & Solutions

SCIICS (SCIENTIFICS) was established in 2024 to contribute to Malaysia's professional IT training benchmark. With a large pool of experienced certified trainers and experts, scientific learning methodologies and well-designed courseware, SCIICS offers powerful training. Also, our experts provide enterprise consultation and solutions in AI, database design and optimization, big data analysis, and software development. SCIICS is officially a Microsoft-certified learning partner and HRD Corp registered training provider. SCIICS also is a partner with UTM Space.
